

Spiritual Care Message:

FOR THE NEW YEAR OF 2026

God sometimes creates things, stops things, binds things, releases things, promotes things, ends things, steadies things, changes things, builds things up, breaks things down, mixes things, re-arranges things, destroys things, repairs things, moves things along, hinders things, sets things free, binds things, blesses things, curses things, loves things, hates things, gives of Himself, withholds Himself, speaks, becomes silent, all of which gives us a simple message:

HE IS GOD, AND WE ARE NOT!

His variableness is in His Sovereignty, His sameness of yesterday, today, and forever is in His Faithfulness, and my personal peace throughout life is a simple walk with my hand in His. Accepting His will is in my love for Him, and His ruling and guiding and directing is in His love for me. I am a peaceful, contented, settled person when my personal world is His to command. And He delights to walk with me.

HE IS GOD, AND WE ARE NOT!

With Prayer:

A new year is before me...let me open its pages with a personal declaration to our Father, "I am yours and you are mine. That is enough with every page; I walk as you command because you know the end from the beginning and your plans for me are good plans that will bring about your expected end. Teach me to listen...to love...to obey.

May it be written on the first page of this new year:

HE IS GOD, AND WE ARE NOT!
