

## **Colossians 4:2**

**Devote yourselves to prayer, being watchful and thankful.**

**Father God, will you help me become a person of prayer. Help me to pray for more than myself and my personal needs. Help me in my mind and heart to pray for the world you created, the people around me here, those who live here and work here, and help me to pray like the Bible says for those who are in authority over us in our country ...and help me to remember to pray for people of other countries who don't know you. Most of the time here, I don't hear the news from around the world, but help me to pray anyhow being watchful for things and people I should pray for. Lord, give me a thankful heart. You have been good to me and I am thankful for your love and kindness. Amen.**
