

WHAT DOES THE BIBLE DO FOR US?

Tells us about God, Who He is and what He does...

Tells us about Jesus Christ, Who He is and what He does...

Tells us about the Holy Spirit, Who He is and what He does...

Tells us how the world was created, the history of God and man...

Tells us about man, who he is, and what he does...

Tells us what happened to God's world and the results of that...

Tells us how we can live connected to God in the midst of these results...

Tells us of His Cross and empty tomb...describes His ascension to Heaven...

Tells us about life without God's presence, followed by death...

Tells us about life with God and His future plan for us...

Tells us He loves the human race of mankind, and simply says, "Come"...

Tells us to walk by faith, and gives us reasons for it, and how to do it.

Tells us what to do when making decisions, gives directions...

Tells us we are never alone when we move into His embrace...

Tells us His promises and 'fear-nots' for all life's experiences...

Tells us His assurances, and feeds our spiritual hunger; growth begins...

Tells us where to weep and leave our tears...even tells us what He does with our tears...

Tells us what to do when we are lonely, disappointed, afraid, in despair, get bad news, (get good news), discouraged, feeling hopeless, needing a place to hide, needing a place to run to, needing someone to talk to, consumed with worry, needing basic things necessary for life, including work and income, needing sins forgiven, needing comfort in grief and loss, needing to pray...TELLS US ABOUT HEAVEN and how to be there...

Tells us He is with us and for us and not against us, and tells us He plans to return for us and how to be ready for His coming...takes hold of our right hand as we walk with Him...

THANK YOU, FATHER. YOU KNEW IT AND ARE PRESERVING IT!

PRAYER:

Father, Help me to move away from living daily life apart from you, making my own decisions, my own choices, my own pathways. Help me read this clearly and kneel before you, and become your child...with sins forgiven and the Holy Spirit moving within me. And when I look at the list of what the Bible does for us, help me to get in on all of this...to look to you for your guidance and direction, for your provision, for you for my human needs. Work in me that the Bible will become my personal resource for life in the troubled world of which I am a part. I pray this to you with all my heart in the name of Jesus. Amen
